DIFFUSION COATINGS ON DUCTILE CAST IRON.
1961] 8p. (1 fig. omitted) 6 refs.
Order from SLA \$1.10

62-10455

Trans. of Wiedomosci Hulnicze (Poland) 1955 [v. 11]
p. 266-269.

DESCRIPTORS: *Cast iron, *Metal coatings, *Corrosion
inhibition, Coatings, Thermal diffusion, Chromium
plating.

The process which produces protective diffusion coatings
on castings of ductile iron during their graphitization,
though extending a little the annealing range, shortens
the period required for the mechanical working and re-
duces production costs, especially with regard to the
thermal energy. The diffusion method is, in particular,
suitable for forming protective coatings on objects
showing complex shapes and on castings. (Author)
